## MAJOR SPONSOR

In 2013 NEGS Equestrian and Omega Feeds partnered to support the development and growth of equestrian opportunities for girls. This partnership has grown into a relationship that has the potential to improve the competitive edge of our equestrian athletes. Omega Feeds Head Nutritionist, Danielle Boland, is passionate about equine nutrition and as an active competitor herself Danielle is testing the products everyday where it counts.

To further support the girls Omega feeds offers their feed range at stud rates for students who are a member of a NEGS team and those who agist their horses at NEGS.

If your equine friend is not performing at their best, talk to our staff who will work with you and the Omega team to tailor a nutrition plan that is right for you.

Danielle will be visiting NEGS soon so please let the EC staff know if you would like some time to chat about options that might suit you.

*Support those who support you and check out Omega Feeds Today!*
