NEGS Newsletter

Term 2 , Week 4 - Wednesday 18th May 2016

FROM THE PRINCIPAL

Mrs Mary Anne Evans

Welcome.

Week 4 sees the start of the new timetable. Changes were made to accommodate tweaks in staffing allocations. Inevitably there will be minor twinges that will be adjusted as they come to light. The School appreciates your patience in this complicated process. I would also like to acknowledge the tireless work of Mrs Kay Hiscox in re-doing the timetable.

Winter sport is in full swing and I have been impressed by the commitment of the girls to training, and playing with sportswomanship. Over 70 NEGS girls will be competing at the Coonabarabran Horse Expo to be held from June 3rd to 7th, which is a showcase for the School's equestrian excellence. I look forward to attending this for the first time, however, as I have been told farmers plant crops according to the major rain-event that is Coona, I am certain to get wet.

In the last newsletter I was remiss in mentioning the achievements of all students who competed at the National Polocrosse Carnival held in Albury last month. In addition to **Lindsey Doolan, Josie Wilson and Jessie Ross, both Olivia Adams and Sophie Wells** also represented their respective states. Sophie played for the QLD Under 16 girls, narrowly beaten in the final, and Olivia competed in the under 21 Mixed Team, which she had the added honour of captaining. Olivia's team was also narrowly beaten in the final. I once again applaud the 5 NEGS girls who worked tirelessly to gain selection in State Teams, and competed so successfully. They showed determination, tenacity and talent.

Congratulations is also extended to **Charlotte Raleigh** who has been successful at the recent IGSSA Open Netball Trials held in Sydney. Charlotte made the team of 10 players from Yrs 10-12 from all the schools who participate in the IGSSA competition. She will now compete as part of the Open IGSSA team at the NSW/CIS Challenge on Monday the 22nd of August at Netball Central, Sydney. At this event she will not only be playing for the title with

IGSSA but will also be trialling for the NSW/CIS Open Netball team which will compete later in the year at the NSW All Schools Tri Series Challenge. Based on her selection in this IGSSA Open team she has also been invited along with the IGSSA Open Tennis and Football teams to participate in a Tri State Challenge in Melbourne late in September.

Well done Charlotte!

Congratulations to all students who participated as part of the NEGS IGSSA Cross Country team at the annual carnival held at Frensham this past week. NEGS sent down a team of seventeen students, one of the largest we have sent in recent years, and all girls came out pleased with their results and with the competition of the many runners in their age divisions. Well done and good luck to **Grace Cassidy** and **Sarah Wyatt**. Their individual performances on the day have qualified them to be a part of the IGSSA team which will travel to Eastern Creek to participate at CIS.

In an effort to freshen up the reception area in Akaroa, we have converted the front room into a waiting space. Thank you to Alex and Melissa Ball (parents of Mikaela and Alicia) for donating the two seater sofa located in the Akaroa reception area which happens to be exactly the same match as the current one.

The School always appreciates any intel on the success of NEGS young women, please inform us so that adequate acknowledgement is given. Until next fortnight.....

GASTROENTERITIS EXCLUSION POLICY FOR NEGS & ST JOHN'S

Gastroenteritis is commonly caused by a virus, resulting in vomiting and diarrhoea. It easily spreads from person to person. Thorough washing of hands with soap and running water are vital to prevent spreading of the virus.

Gastroenteritis can be caused by different strains of virus, regardless of this our school policy requires any student or staff member who has had gastroenteritis symptoms to be excluded from school for a period of 48 hours after their last episode of vomiting or diarrhoea.

We appreciate your assistance with this to help reduce the incidence of this highly contagious illness within the school.

Any queries or concerns please contact the Health Centre - 6774 8716.

NEGS NEWS

New buses for seatbelt replacement programme starting in Term 2

As part of the new requirements for all school buses that transport students beyond the town limits, Edwards' Coaches has upgraded the buses on the following routes:

- Warrane
- Longford
- Rockvale
- Invergowrie 1 & 2

Students must be aware that if a bus has seatbelts, they are required to wear them. Failure to wear a seatbelt will result in the following consequences:

- Students will be reminded of these protocols by the bus driver and will be warned if they fail to comply.
- First offence: parents and school principal notified in writing; student counselled accordingly.
- Subsequent offences: parents and school principal notified; student not able to travel on the bus for up to 2 weeks for a second offence and up to 10 weeks for any subsequent offence. Permanent suspension of travel may apply to further offences.

Senior students are asked to be of assistance to junior students who may struggle to do up and undo the seatbelt. All buses will be upgraded in the coming years.

Congratulations to Laura Finlay

Laura won Junior Champion Artist at Wee Waa Show last weekend with 1st and 2nd, following on from winning Junior Champion artist at Narrabri Show. **Well done Laura**

What's new

From 12 May 2016, applications for school travel passes in rural and regional NSW will need to be completed online instead of using paper forms.

This change makes it easier to apply, as you only need to complete one form that covers all situations, including journeys that involve multiple transport operators or modes of transport.

It's also easier for schools and bus operators, as Transport for NSW will now handle the applications.

This change only affects the application process; no changes to any public transport services are planned.

Who can apply?

To be eligible for a school travel pass, students may need to live a minimum distance from their school:

Years K-2 (Infants)

There's no minimum distance.

Years 3-6 (Primary)

1.6km straight line distance or 2.3km walking.

Years 7-12 (Secondary)

2.0km straight line distance or 2.9km walking.

Who needs to apply

Most students who already have a school travel pass in 2016 won't need to re-apply for next year.

However, you need to update student details online if the student:

- Is moving from Year 2 to Year 3
- Is moving from Year 6 to Year 7
- Is changing schools or campuses
- Is changing address

How to update your details

If the student already has a school travel pass and their address, school or name changes, or the student is entering Years 3 or 7, you will need to update your details at apps.transport.nsw.gov.au/ssts/updatedetails.

How to apply for a new travel pass

Applications for 2017 open from the start of Term 4, 2016.

Step 1

Once you have confirmed your 2017 school enrolment, complete the online application form at transportnsw.info/school-students, nominating your home address and which bus company or transport operator the student needs to travel between home and school.

Step 2

Print, sign and date the completed application, then return it to the student's school for endorsement.

Step 3

The school then sends the endorsed application to Transport for NSW. You will receive an email confirming the outcome of your application. If the application is approved, Transport for NSW will inform your local bus or transport operator who will send a school travel pass to the student's school, or in some cases, to the student's address.

A parent or guardian must apply for students 15 years and under. Students 16 years and over must apply for themselves.

Frequently asked questions

Can I still apply using a paper form?

Carbon copy forms are no longer being accepted after Term 2, 2016. To download a paper form visit apps.transport.nsw.gov.au/ssts.

How can I apply if I don't have internet access?

Call **131 500** for assistance with your application.

Is a school travel pass valid outside school hours?

School travel passes are only for travel to and from school. So for travel after hours, on weekends or during school holidays, students will need to purchase a ticket.

What if there's no public transport in my area?

In areas where there is no public transport, eligible NSW residents may receive a subsidy for transporting the student to school by private vehicle. For details visit transportnsw.info/school-students.

How do I apply if the student is in a shared parenting situation and needs to travel from two addresses?

Each parent (or the student if aged 16 or over) needs to make a separate application for each address. The same eligibility criteria apply.

Year 8 Maths Day

On Friday the 13th of May two teams of year 8 girls, accompanied by Ms Despi and Ms Edmonds, drove to Lazenby Hall at UNE to participate in the Year 8 Mathematics Day. Upon arrival the sheer amount of students left us all in awe. There were just over 200 students from 33 different schools, some of whom had come from as far as Dubbo.

The 8 NEGS girls that attended the day were split into two teams. NEGS Team One included Cynthia Jin, Josie Orr, Lucia Moffatt and Matilda Rice and NEGS Team Two included Maggie Halliday, Kate Earle, Sheriden Bennett and Eloise Barden.

After the Official Opening we began the day. We competed in a series of contests over the course of the day. The most difficult event was the Smorgasbord Challenge. For this challenge each team had to tackle a series of problems with points awarded according to the degree of difficulty. It was the ultimate game of strategy and maths. The only way to succeed in this challenge was by working as a team. It is fair to say that both NEGS' teams did phenomenally well.

After all the mathematics events were finished it was time for the Architectural Design Challenge. Each team was given 15 pieces of paper and a roll of sticky tape and asked to build the tallest tower that they could. It got a little chaotic. After a hectic half hour the challenge finished and the towers were measured. I am pleased to say that NEGS Team One came first in the challenge with a tower measuring 2.41 metres tall.

On behalf of all of the students that attended this day I would like to thank our supervisors Ms Despi and Ms Edmonds. Without them we would not have been provided with the opportunity to attend this event. We all learnt so much about maths and teamwork. I would also like to thank the University of New England for organising and hosting the day. It was a truly remarkable experience.

PINK STUMPS DAY FUNDRAISER

Mrs Consuela Despi

On Friday the 29th of April, NEGS participated in a fundraiser 'Pink Stumps Day', raising money and awareness for breast cancer with all proceeds going to the McGrath Foundation. Girls participated in a mufti day, wearing as much pink as possible, as well as holding a cake stall and participating in a whole school game of cricket at lunch. All the girls should be congratulated on their efforts with a total of \$486.40 being raised which is an incredible achievement! Many thanks goes to the girls who helped organise the event and brought food in to help with the cake stall.

Science News

This year we welcomed a new addition to Miss Stone's Biology Lab - Cuddles is a juvenile Diamond Python who has made herself right at home. When she's not chilling out on her log, she is captivating students as she engulfs her dinner whole or enthralling them with her abs of steel! Look out for Miss Stone when walking around the school grounds, as Cuddles might just be out catching some rays!

Our students have once again excelled in the competitions they have entered so far this year. Our 10A Science class came 3rd in the Highlands Science & Engineering Challenge, showing off their teamwork in a fabulous day of bridge building, hovercraft designing and earthquake tower proofing, to name a few of the activities.

Our Science Club girls participated in the BEBRAS computational thinking challenge, achieving excellent results, and are currently growing pulse crops for the Young Scientist Awards and Hermitage Schools Plant Science competition. By the end of this year, they will have also competed in the Eureka Science Prizes, Science iQonline competition, the Education Perfect World Championships and UNE's GRASS awards.

Our Coding Club students have also been busy learning how to design web pages and program computers using the Python language. They competed in a national HTML/CSS competition, achieving outstanding results, and are currently competing in a Python programming competition. They are also designing computer games for the national STEM Video Game challenge.

All Science students from Years 7-12 will compete in the national Big Science competition in May and Year 11 and 12 Chemistry students will also compete in the national RACI Titration competition.

The Science faculty is always an engaging place to be. So far this year, students have constructed boomerangs, dissected eyes and brains, raced remote controlled cars, had a 'shocking' experience with the Van de Graaf Generator, broken the NEGS sound barrier and designed aliens, just to name a few of the activities covered!

Success at the Manning Valley Beef Week

Once more the Livestock Team at NEGS have achieved outstanding results at this years Manning Valley Beef Week held in Wingham. With a team of eight students and four head of cattle, we contributed to the competition with over 280 students, 20 schools and 140 head of cattle.

The following results were achieved:

Junior Judging

15 yrs – Felicity Thomas placed 2nd and Emma Kaul 3rd

Overall Champion Junior Judge of the entire competition was won by Emily Barton

Cattle Handling/parading

14 yrs – Chelsea Devenish placed 4th and Eli Layton (TAS) placed 3rd
15 yrs Herds person was won jointly by Felicity Thomas and Emma Kaul

All girls presented themselves and their steers to a very high standard in their competitions – very proud of them all, well done.

Cattle Results

Our grey Limousin cross steer bred by Richard and Heather Cole 'Lachlan Dale' – Forbes was awarded first place in his weight class and sold for \$5.80/kg HSCW.

Our pure Charolais steer proudly bred by NEGS made it to the final in a very tough class for Middle weights and was awarded 3rd place carcass on the hook.

Overall, some very pleasing results!

Our students worked tirelessly and professionally throughout a very enjoyable week. A big thank you to the beef producers who continue to supply top quality livestock and support our Livestock Team. Our success could not come without your generous assistance. A big thank you also to Mr Richard Mackenzie our Agriculture Assistant and to Lisa and Ariel our gap year students.

A huge thank you also to the Manning Valley Beef Week committee for once again organizing such a great competition and helping to encourage young people in Agriculture.

Be creative and win awesome prizes!

Are you 16-24? Got a creative streak? Reckon open and honest conversations are important?

Then enter the **R U OK? Poster Design Competition** and be in the running to see your work pinned up in schools and youth organisations everywhere.

Come up with a design that explores the question: **"How can meaningful conversations change our world?"**

The top 10 designers will win a limited edition R U OK? t-shirt designed by **The Upside**, and the winning 3 designers will also nab an R U OK? event kit for their school or uni to the value of \$200.

The winning designs will have:

- Creative flair
- Effective, vibrant, clear designs
- A4 portrait format
- **No R U OK? logos and no border please!**

Send your design with your name, age, and school or organisation to hello@ruok.org.au by **Friday June 3rd**.
